PRODUCT INFORMATION

LS 40

The LS 40 is a robust speaker stand made of powder-coated steel and is suitable for a wide range of Canton speakers. The speakers can be securely attached to the stand using the screws supplied. The cable routing runs invisibly inside the tube, ensuring a structured look. The metal base plate with damping rubber feet provides a secure footing, reduces vibrations, and protects the floor. The matte finish in black or white ensures a modern, timeless design. Made in Germany.
